

Kansas Department of Health and Environment  
Proposed New Regulation

Article 24a. Sanitary Regulations for Tanning Facilities

28-24a-1. Definitions. (a) "Consumer" has the meaning specified in K.A.R. 69-12-1.

(b) "EPA" means the United States environmental protection agency.

(c) "FDA" means the United States food and drug administration.

(d) "Person" means an individual, association, corporation, or other legal entity.

(e) "Protective eyewear" means any device designed to be worn by users to reduce exposure of the eyes to the radiation emitted by the tanning device.

(f) "Tanning device operator" means an individual who controls operation of a tanning device and instructs and assists the consumer in the proper operation of the tanning device.

(g) "Tanning facility operator" means the person who is licensed to operate a tanning facility. (Authorized by and implementing K.S.A. 65-1,148 and 65-1925; effective

P-\_\_\_\_\_.)

Proposed New Regulation

Article 24a. Sanitary Regulations for Tanning Facilities

28-24a-2. Facility standards and practices. (a) After each use of a tanning device, a tanning device operator shall disinfect the tanning device using an EPA-registered disinfectant with demonstrated bactericidal, fungicidal, tuberculocidal, and virucidal activity when used according to the manufacturer's instructions.

(b) Each tanning device operator shall ensure that each towel distributed to a consumer or any other individual is, upon its return, deposited in a closed receptacle and not used again until laundered and sanitized.

(c) Each tanning facility operator shall ensure that the tanning facility is well lighted, well ventilated, and sanitary. (Authorized by and implementing K.S.A. 65-1,148 and 65-1925; effective P-\_\_\_\_\_.)
